In October of 2022, we celebrated AAHSFF's **10th** annual festival! Ten years in, and our community is thriving, a testament to the power of believing in the arts and the emerging artists that share their stories with us.

The collective spirit of our organization, our community, and all of our year-round initiatives is rooted in a shared passion. A passion to breathe life into stories, to collaborate with others who share your vision, and to create content at the highest level - content with the ability to move viewers emotionally, to inspire with unprecedented style and craft, and to impact real change.
